

It means that its a very Bad sickness
where it kills lots of people and has
of amputation with ^{this} sickness. theres some
savery case were you lose your eyesits, limbs, and all so
your life end there are some case are not so savery
were they have to control your diet and have to take
insulin shot everyday. people should now ~~think~~ about this
Deadly Disea. they have to learn how to Eat healthy, Drink
healthy and Exercise more offten.
